WHAT THE PEOPLE SAY ABOUT MY SEEDS

I have room for but a few only of the many **unsolicited testimonials** I have received this year from my customers. I have on file **hundreds** of just as good expressions of **satisfaction** and **praise** from all over the great state of Washington.

We like your Seeds best.—ED. CALLON, New Kamilche, Mason Co., Wash.

Your Seeds were the best I ever got to GROW.—JOHN REYNOLDS, Valalta, Wash.

Your Seeds are highly recommended here.—AUG. PALMQUIST, Ozette, Clallam Co., Wash.

Your Onion Seed is the best I ever planted.—AUG. E. CRIBLEY, North Bend, King Co., Wash.

I like your Cabbage Seed better than any other I can get.—J. W. MAHLON, Wayne, Nebraska.

Your Seeds last year were **PERFECTION**.—M. W. DAVIES, Marble Mount, Skagit Co., Wash.

Had your Cauliflower Seed last year, and had fine heads.—MARY A. LEIGHTON, Meridian Wash.

I recommend your Seeds to all my neighbors.—MRS. O. C. POHLSON, Lemars, Lincoln Co., Wash.

The Plants I bought of you last year gave the best of satisfaction.—C. B. KLAUS, Snoqualmie, Wash.

I have used your Seeds and like them. I find they are the best.—JAMES T. CAMP, Clallam Bay, Wash.

Your Seeds are the best I can get, as they **NEVER FAIL**.—WM. MCCAIN, Kingston, Kitsap County, Wash.

I find that your Seeds merit you a splendid reputation as a seedsman.—WM. MURRAY, Black Diamond, Wash.

The Turnip Seed you sent me was the finest I ever grew.—JOSEPH VAUGHAN, Covington, King Co., Wash.

Your Seeds did **SPLENDIDLY**. Your Cauliflower was **EXTRA GOOD**.—MRS. EMMA PARRISH, Hood River, Oregon.

I have tried your Califlower Seed three years, and every one headed.—WM. TROTT, Lynden, Whatcom Co., Wash.

The Strawberry Plants you sent me are excellent. All the Seeds have started nicely.—J. T. HATNIE, Everson, Wash.

I have used your Seeds and found them very satisfactory. Every seed grew.—A. F. J. SPENCER, Calispel, Stevens Co., Wash.

Your Seeds are the cleanest and best I ever saw, and **SURE** to germinate.—FRANK WALKER, Port Ludlow, Jefferson Co., Wash.

Received the Plants in good condition, and am well pleased with them; especially the Tomato plants.—F. SMITH, Bothell, Wash.

I have used your Seeds for three years, and find them far superior to eastern seeds.—W. H. HARTLY, Denning, Whatcom Co., Wash.

I have received Seed from you the last 10 years. It was **ALWAYS FIRST CLASS**.—G. TRITSCHACK, Getchell, Snohomish Co., Wash.

I never had as good a garden as I had last year, and I think it is all owing to your Seeds.—J. W. SEFTON, Nooksack, Whatcom Co., Wash.

I like your Flower Seeds very much. They were the finest that were ever seen in this county.—A. E. KOEHLER, Orondo, Douglas Co., Wash.

We have bought your Seeds for five years and have always found them as represented.—MRS. SHELDON C. TRACY, Birch Bay, Whatcom Co., Wash.

We think your seed excellent. We won't have any other. Your Squash Seed cannot be improved.—GEO. P. BROWN, Winlock, Lewis Co., Wash.

We have used your Seeds for four years and have never had a dozen seeds to miss coming when planted.—C. ARMSTRONG, East Sound, San Juan Co., Wash.

The Strawberry Plants arrived in first class condition. All your Seeds came up good. I am perfectly satisfied with your dealings.—G. SCHEULE, Spokane, Wash.

I have used your Seed for eight years, and it always gave good satisfaction. Have tried Seed from other houses also, but none proved equal to yours yet.—P. SUMMERSETT, Alpha, Lewis Co., Wash.

I have tried them five years and know they are just what they are represented. Last year I was obliged to use store seeds, and had no garden as a consequence.—MRS. ETTA BRIDGES, Ferry, Lewis Co., Wash.

Catalogue of Seeds 1894

A. G. TILLINGHAST'S Puget Sound Seed Gardens

LA CONNER, SKAGIT CO., WASH., Jan. 1, 1894.

TO ALL MY FRIENDS AND CUSTOMERS:

Once more I am permitted to send you my New Year greeting, with this NINTH ANNUAL CATALOGUE AND PRICE LIST. Again I sincerely thank you for the esteemed favors received, by your continued valued orders, your many encouraging words, and kind recommendations to neighbors and friends, resulting in an increased business with each succeeding year. I shall try to merit your confidence by keeping my seeds fully up to their recognized high standard, and, if possible, make them better than ever. Knowing that my old friends will stand by me, and bring a host of new ones with them, I have prepared for the usual yearly increase in number of orders. I shall continue to present my customers with "Free for Trial" packages of "New and Desirable" VEGETABLE and FLOWER SEEDS, as usual.

See page 16 for Special Offer, and Discounts. Don't buy store seeds when you can so easily get mine. If you have never used my Seeds, please give me a TRIAL ORDER.

How to Get My Seeds.

I send them **Post Paid** by Mail, and guarantee safe delivery to you. Look over this Catalogue carefully, and mark with a pencil all that you want; then make out on the order sheet a list of all the kinds and quantities that you have selected. Write your NAME and ADDRESS plainly, and send the order to me with the money enclosed.

How to Send Money.

Send by **Bank Check**, **Express Order**, by **Postoffice Money Order** on La Conner, or by **Registered Letter**, at my risk and expense, if the amount is **One Dollar or upwards** (deducting the cost of the order, or the register fee). If **less than One Dollar**, you may send **Postal Note** or **Postage Stamps**, in a common letter, securely sealed and plainly addressed.

DO NOT DELAY, but make out your order **now**, while you think of it, and have the seeds on hand when planting time comes.

Yours very truly,

A. G. TILLINGHAST,

LA CONNER, SKAGIT CO., WASH.

Descriptive Price List For 1894

Puget Sound Seed Gardens. Choice Selection for Washington

 Prices Include Postage 

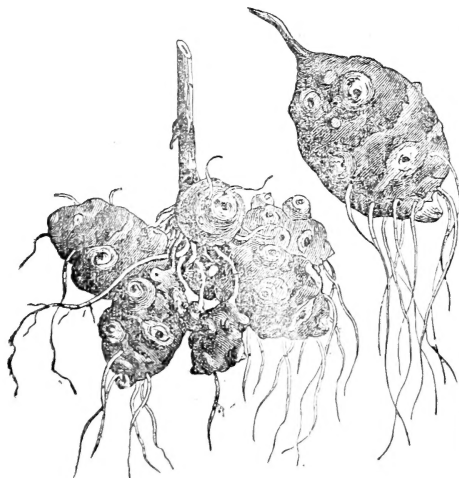

When sent by Freight or Express, or delivered at our Seed Store, 10 cents per pound may be deducted from these prices.

ARTICHOKE

Oz. 25 cts; pkg. 10 cts.

Green Globe—The largest and best for eating. See cut above.

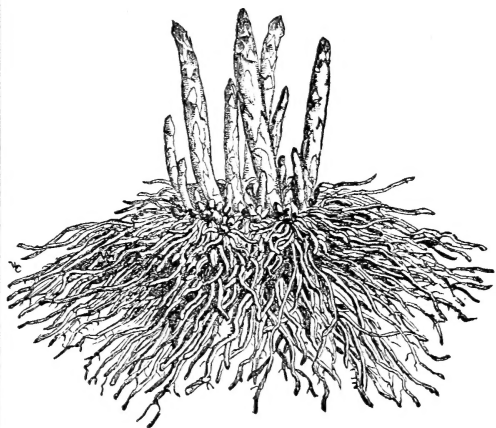

Jerusalem Artichoke

Tubers, 25 cts per lb by MAIL; 15 cts per lb by EXPRESS.

ASPARAGUS

Oz. 10 cts; pkg. 5 cts.

Conover's Colossal—The standard variety. Large and good.

Asparagus Roots—Two year old.

5 cts each; 50 cts per doz; \$4 per 100.
By Freight or Express, \$3 per 100.

BEANS, BUSH

Lb. 25 cts; $\frac{1}{4}$ lb 10 cts; pkg 5 cts.

Challenge Dwarf Black Wax—

A new kind just introduced, which proves to be the earliest of all the wax beans. It is vigorous and prolific, and of best quality for snap beans.

Improved Golden Wax—An improvement of the old Golden Wax which has been so popular for years past. Possesses all the good qualities and is larger in pod and more prolific.

New Golden Eyed Wax—One of the best; its pods or leaves never rust or spot like some others, and it is blight proof. Entirely stringless, flesh tender and of excellent quality and flavor.

BEANS, POLE

Lb. 30 cts.; $\frac{1}{4}$ lb. 10 cts.; pkt. 5 cts.

Dutch Case Knife—One of the earliest and most prolific varieties. It has large, green flat pods, and is good as "snap" or shelled green.

Old Homestead—Early as any, and enormously productive. The pods though large cook tender and melting, and we can recommend it as the BEST GREEN pole bean. It is well suited to this climate.

The Golden Champion—The best early wax pole bean. Very large yellow pods, stringless and cook tender. Every garden should have this and the "Homestead."

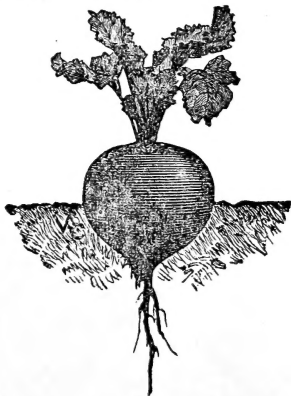

BEETS

Lb. 75 cts.; oz. 10 cts.; pkt. 5 cts.

Early Egyptian—Best early table beet. Turnip-shaped and smooth.

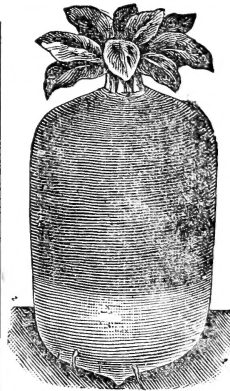

Eclipse—Later, but gets larger than the above.

Improved Arlington—We offer this beautiful beet for the first time, but have grown it for two years. It is good size, of dark, rich, blood red color. It does not become tough or stringy when old, as is the case with many other varieties, but is sweet and tender at all times. It is a grand table beet, and nearly as early as any.

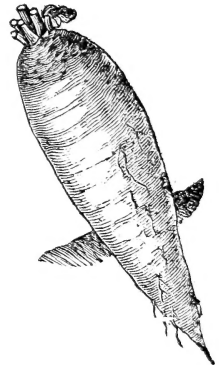

Edmund's Blood Turnip—Is handsomely shaped, not too large or coarse, but of good marketable size.

Long Smooth Blood—The best late winter sort.

GOLDEN TANKARD.

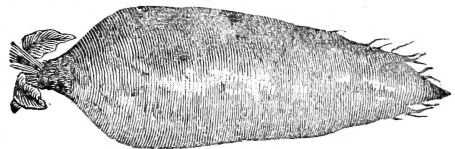

LANE'S SUGAR.

MANGEL WURZEL BEETS

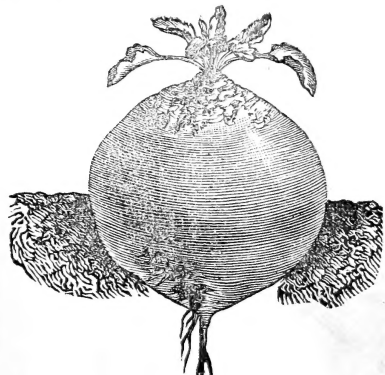

Lb. 50 c.; $\frac{1}{4}$ lb. 20 c.; oz. 10 c.; pkg. 5c.

Golden Yellow Tankard—A superior strain of yellow mangel. Very sweet, firm flesh. Produces enormous crops, as from its peculiar shape it can grow closer in the row than the ordinary mangel. Will yield 75 tons to the acre.

Lane's Imperial Sugar—Hardier and contains more sugar than the other kinds. It is a white sugar beet selected for feeding stock.

Norbital's Giant—Largest red; easiest to pull; excellent for stock.

Yellow Globe—Better than other kinds for sandy or shallow soil. Globular in shape, productive and keeps well.

BORECOLE, or KALE

Oz. 25 cts.; pkg. 5 cts.

Green Curled—Bright green, spreading and beautifully curled.**BROCCOLI**

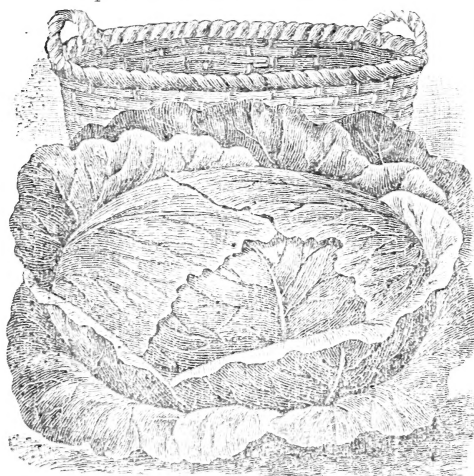

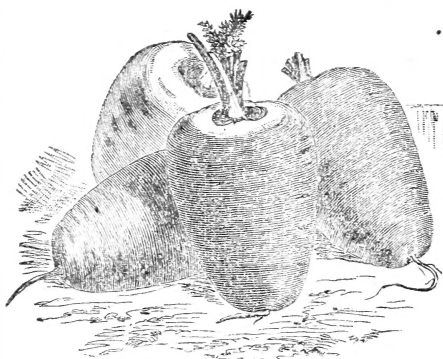

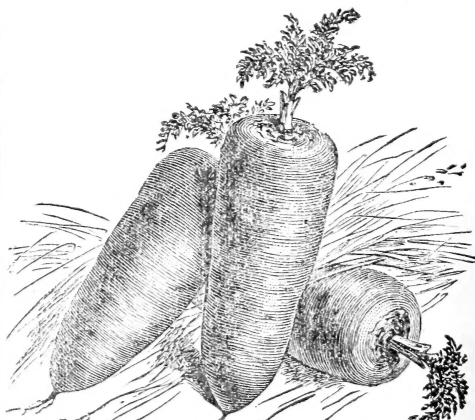

Oz. 30 cts.; pkg. 5 cts.

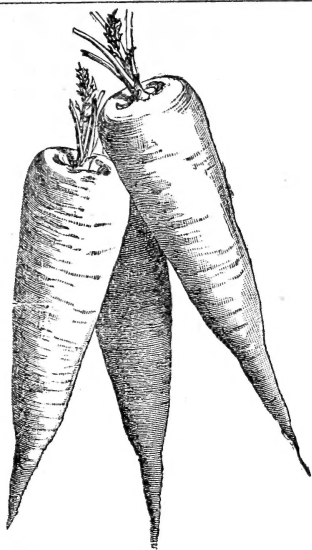

Early Purple Cape—Early, compact heads of good flavor.**Autumn White Cape**—Later, large white heads; splendid fall variety.**BRUSSELS SPROUTS**

Oz. 25 cts.; pkg. 5 cts.

Tall French—Produce compact sprouts of good quality.**CABBAGE**Lb. \$2; $\frac{1}{2}$ lb. 50 cts.; oz. 20 cts.; pkg. 5 cts.

I make a specialty of cabbage seed, and greatest care is taken to keep it pure and true to name. I use only large solid heads to grow seed. There is no better cabbage seed to be found anywhere in the world. If you want to grow large solid sure-heading cabbage, use my seed.

Early Jersey Wakefield—This is the very best for early use, or for early market. Solid pointed heads.**Henderson's Early Summer**—A little later and larger than the Wakefield. Heads flat and stand longer without bursting.**Early Winnigstadt**—A very solid pointed head, medium in size and earliness. If planted late, makes a good winter cabbage. Heads well on land too poor to head other kinds.**Fottler's Brunswick**—A very large, sure-heading second early drum-head. Excellent winter cabbage if planted late.**Red Drumhead**—A large, very solid, late red cabbage, much used in pickling. Good keeper and a favorite with the ladies.**Premium Flat Dutch**—Best for winter use; round or slightly flattened head. Stands freezing well; a good keeper and of excellent quality.**Mammoth Marblehead**—The largest and latest of all the cabbages. Grows to enormous size, but requires rich soil, good culture and the whole season to head solid.**CARROTS for table use.**Lb. \$1; $\frac{1}{2}$ lb. 30 cts.; oz. 10 cts.; pkg. 5c.**Early Horn**—Best for early market or table use.**CARROTS for field and stock.**Lb. 75 cts.; $\frac{1}{2}$ lb. 25c.; oz. 10c.; pkg. 5c.**Oxheart, or Guerande**—Short and thick, intermediate between the half-long and the early horn varieties, three or four inches in diameter at the neck. Of most beautiful color and shape.**Danvers Half-Long**—Shorter and easier to pull. Great favorite. Very productive and of extra fine quality.

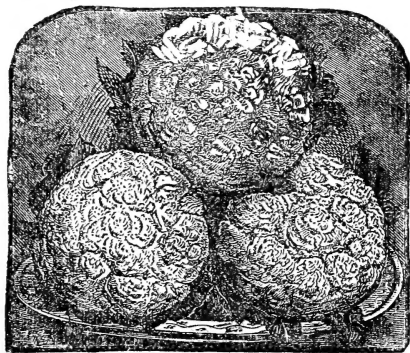

Long Orange—Best late for field and stock. Yields well, keeps well.

Large White Belgian—Largest and most productive stock carrot.

CAULIFLOWER

Lb. \$20; oz. \$1.50; pkg. 15 cts.

My cauliflower seeds are grown on Puget Sound, Wash., from selected heads of the choicest strains, and proves to be much better than seed from any other source. Don't waste time and money on inferior cauliflower seed when you can get this which is sure to make nice large heads, if you give it proper care.

Early Padilla—A new kind that originated with us. It is earlier, larger and better than Henderson's Snowball, which it resembles, and is an improvement on that well known kind.

Henderson's Early Snowball

One of the best and choicest. My seed is grown directly from Henderson's stock and will be found to be even better than Henderson's sealed packages.

Extra Early Dwarf Erfurt

A very choice early, small-leaved, large sure-heading variety. Planted late, it is the best kind for autumn use.

Veitch's Autumn Giant

Large late white. Compact heads well protected by foliage. Oz. 50c.; pkg. 10c.

CELERY

Oz. 30 cts.; pkg. 5 cts.

Crawford's Half Dwarf—Vigorous of growth, solid, good flavor.

Kalamazoo—The most solid, crisp eating and delicately flavored variety. Very large, short and stocky, and of quick growth. Keeps well. Good for family use or for market.

Dwarf Golden Heart—A very popular new variety. Beautiful showy sort; solid, excellent flavor and keeps well during the winter.

White Plume—A new variety with white stalks and leaves. Very ornamental. Does not require so much banking up for bleaching as the other kinds.

CORN

Lb. 25 cts.; $\frac{1}{4}$ lb. 10 cts.; pkg. 5 cts.

The Cory—This is a selected strain of the old and well known Early Marblehead, and is a standard among Market Gardeners for first early market.

Early Minnesota—The standard Early Sweet Corn; ripens a little earlier than Crosby's. Eight rowed ears of good size, sweet and well-flavored. Stalks grow about five feet high.

Stowell's Evergreen—This variety is more largely planted than any other, being the general favorite with canners and market gardeners, for late use.

CUCUMBERS

Oz. 10 cts.; pkg. 5 cts.

Early Russian—Very early and prolific.

Early White Spine—Medium in earliness. Fine for table use.

Long Green—Late. The best for pickles.

 All Seeds carefully tested, so we know they will grow.

ENDIVE

Lb. \$1.50; oz. 15c.; pkg. 5c.

Green Curled—Not only much used as a Salad, but is highly ornamental from its delicately cut and colored leaves. Much used for garnishing.

KOHL RABI

Oz. 15c.; pkg. 5 cts.

Large Early Purple—Fine and tender.

Large Early White—Same as above except color.

**LETTUCE**

Oz. 15c.; pkg. 5c.

Black Seeded Simpson—Large early. Very nice and desirable; slow to run to seed; tender a long time.

Hanson—One of the very best. Large heads, sweet and crisp.

MUSK MELON

Oz. 10c.; pkg. 5c.

Montreal Market Nutmeg—Largest of all the nutmeg melons. Quality good. Valuable for market or for use.

Jenny Lind—The earliest netted. Small but delicious.

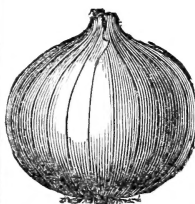

WATER MELON

Oz. 10c.; pkg. 5c.

The Boss—Handsome and best for shipping or eating.

Johnson's Christmas—Very solid and of delicious flavor. Excellent keeper.

Phinney's Early—Very early and productive; good and easy to grow.

YELLOW DANVERS.

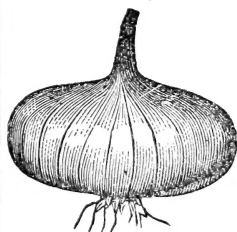

RED WETHERSFIELD

ONIONLb. \$1.50; $\frac{1}{2}$ lb. 50c.; oz. 15c.; pkg. 5c.

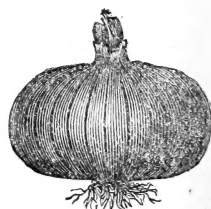

Those who tried my onion seed last year found that it came up good; all grew, and made nice large onions. The same will be found this year, and onion growers can place the utmost confidence in this seed. For many years only the best shaped, solid, soundest onions have been used for seed; thus by long selection they have become the best keepers in this climate of any kind. No better onion seed is to be found anywhere.

Oregon Yellow Danvers—A great favorite. Large, round, yields heavy. Early to ripen up, and a good keeper. Best for Puget Sound. All the old onion growers use it.

Large Red Wethersfield—A pleasant flavor; grows large; keeps well.

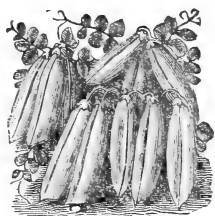

SILVER SKIN.

EARLY RED.

White Portugal, or American Silverskin—A large, white, flat onion of mild flavor. Fine for early use and for pickling. Keeps as well as any of the WHITE onions. By OUNCE and PACKET only.

Extra Early Red—A light colored onion. Good keeper. Earliest of all.

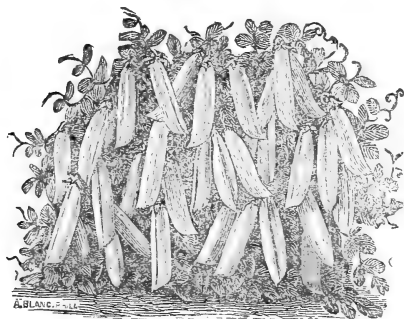

FIRST OF ALL AMERICAN WONDER

PEAS

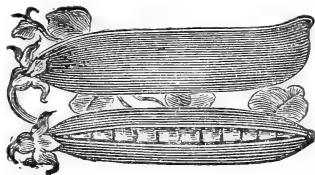

Lb. 25c.; $\frac{1}{4}$ lb. 10c.; pkg. 5c.

First of All—Best of the hard, smooth round peas, which can be planted very early as they are not so liable to rot in the ground as the wrinkled peas. They are very prolific and do not need bushing.

American Wonder—Earliest of the wrinkled peas. Dwarf, does not need bushing. Large peas and pods and prolific. Quality extra good. Do not plant it while the ground is cold and wet. It is indeed a WONDER.

Dwarf Pea—The dwarfest of all. Early, hard, smooth, round.

The Heroine—A new kind just introduced. By all odds the best MARKET late pea. But $2\frac{1}{2}$ feet high, it is loaded with ENORMOUS pods, filled with 8 to 10 large peas of most excellent quality. Every gardener should have this pea. To SEE it is to WANT it.

Veitch's Perfection—The best late pea for family use. Very productive, large, sweet and good. It is indeed perfection, so far as QUALITY is concerned.

Dwarf Champion—The old, well known Champion of England, changed to a dwarf so it will not need bushing. First class quality.

FIELD PEAS

Price, \$2 per bushel; \$3 per 100 lbs.

Blue China and Black-Eyed Marrowfat—Two good field peas, much used in field cultivation to sow broadcast for hogs, etc. It pays to grow them.

PARSNIP

Lb. 75c.; $\frac{1}{4}$ lb. 25c.; oz. 10c.; pkg. 5c.

Long White—Large, smooth, sweet. The standard kind. Grown from specially selected smooth roots.

☞ Parsnip seed one year old will not grow. Don't be fooled on old parsnip seed. There should be parsnips in every garden to use at any time through the winter. They also make excellent hog feed. Swine are very fond of them and fatten rapidly on them.

PARSLEY

Oz. 15c.; pkg. 5c.

Fern Leaved—A beautiful mossy sort. Useful for garnishing or flavoring.

PEPPERS

Oz. 30c.; pkg. 5c.

Golden Dawn—Large, sweet, yellow, productive. Has no fiery flavor, and is excellent for mangoes.

Large Sweet Mountain—Red, mild, much used for mangoes.

Red Cayenne—Small, prolific, hot, used in pickling.

PUMPKIN

Oz. 10c.; pkg. 5c.

Sweet or Sugar—Fine grained; excellent for pies.

SALSIFY

Oz. 15c.; pkg. 5c.

☐ A white, carrot shaped root that makes delicious soup resembling oysters in flavor. Easy to grow. Good all winter and late in spring. Can be left in the ground all winter.

SPINACH

Lb. 50c.; oz. 10c.; pkg. 5c.

Large Viroflay—A new variety superior to the old round leaf kinds.

SQUASH

Lb. \$1; oz. 10c.; pkt. 5c.

Early White Bush—The earliest summer squash. Very pretty scalloped and very productive.

Hubbard—The standard winter squash, old and reliable.

Marblehead—Valuable; like the Hubbard, except it is of a pale green color.

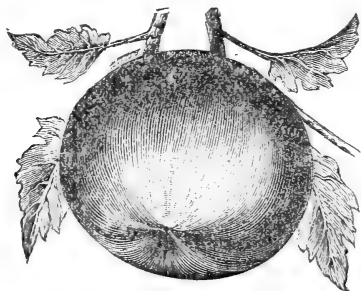

Large Summer Crookneck—An excellent new kind for family use or for market. Fine buttery flavor. Prolific and large.

Long Island White Bush—An improvement over the old White Bush Squash, being smoother, thicker flesh and of much better quality. We have found by trial in our garden that this is the best Summer Squash we ever grew. Price—10c. per pkt.; 20c per oz.

SUNFLOWER

Oz. 10c.; pkg. 5c.

Mammoth Russian—Flowers and seeds very large. Seeds rich with oil, and valuable to feed poultry.

**TOMATOES**

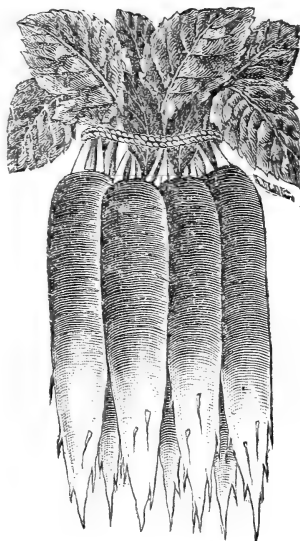

Oz. 30c.; pkg. 5c.

The Ruby—The earliest large Tomato. Grows with less vine and leaves so the sun can get at the fruit better than other kinds. After further trial this new tomato proves to be the best kind to grow here. Our vines were loaded with ripe fruit this year. All who have trouble in ripening tomatoes should try this excellent kind. See cut above.

Livingston's Beauty—Handsome, solid early.

Livingston's Perfection—Is large, early, smooth, prolific, good.

Yellow Plum—Small, plumshaped and early. Nice for preserves.

**RADISH**

Lb. \$1; oz. 10c.; pkg. 5c.

French Breakfast—Small, oval form, quick growing, mild and tender. Color, scarlet, tipped with white.

Chartier—Beautiful long scarlet white tip, crisp and sweet. See cut.

China Rose Winter—Best for winter use. Long, solid and tender.

RHUBARB

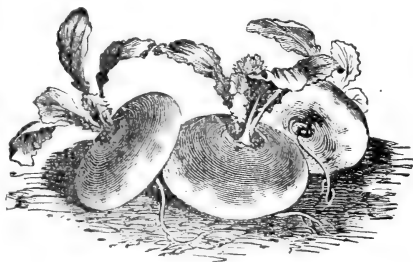

Lb. \$1.75; oz. 20c.; pkg. 5c.

Victoria—Is very large, standard kind. Roots—1 year old, 10c. each; \$1 per doz.; \$5 per 100.

TURNIPS

Lb. 50c.; $\frac{1}{2}$ lb. 20c.; oz. 10c.; pkg. 5c.

White Egg—Large, early, sweet, good, smooth, egg-shaped.

EXTRA EARLY MILAN.

Purple-Top Strap-Leaf—The old standard flat fall turnip.

Extra Early Milan—EARLIEST of turnips. Quite flat, small leaves and small tap-root, with bulb 3 or 4 inches in diameter, of bright red and purple above ground and clean white below, making it very attractive in market.

RUTABAGA

Lb. 60c.; $\frac{1}{4}$ lb. 20c.; oz. 10c.; pkg. 5c.

White French—A large white market variety, sweet, smooth and solid. Good winter keeper.

American Yellow—A large yellow sweet Swede. Excellent for table or for stock.

Skirving's Purple-Top—Best for field culture and cattle feeding, and good for market.

TOBACCO

A Puget Sound Seedling Early Potato Gage's Extra Early

After a careful trial of this new Potato by the side of the Early Rose and other early potatoes, I feel confident in recommending it as the *very earliest* and *best* early potato in cultivation. It is dead ripe before the Early Rose is fit to dig, and is of much better quality. I predict that as soon as its merits are known, it will be in great demand. This is the first time it has been offered for sale, and our stock is quite small, so we can only offer it by the pound.

Those purchasing a small quantity this season, can easily grow enough to plant for market next year, and will be sure to realize handsome prices. Be the first in your neighborhood to get it.

PRICE—25 cts. per lb. post paid by Mail; 15 cts. per lb. by Freight or Express.

Beautiful Sweet Peas
